# October 25th, 2019

| | |
|---|---|
| **Stories** | We read all about our furry friends the bats. Stellaluna was our favorite! We also learned bat facts in the book Fantastic Bats! Next week we will learn about spiders! |
| **Centers** | We played with stuffed animal bats for some dramatic play. The kiddos fed them fruit and bugs! We had spooky skeleton hands, eyeballs and orange pasta in the sensory bin. We called it “eyeball soup!” On the carpet the kiddos helped me make houses out of magnetic blocks. We also drove cars onto triangle and circle shaped roads! |
| **Specials** | We were so excited to have Miss Katie and Mr Froggy back for music. She also brought her spooky box filled with toy spiders! We pretended to be bats and sleep upside down for yoga. We also played on the trampoline for some movement. Then on Friday, Miss Kayla guided us in a scarecrow dance! |
| **Crafts** | We made fun bat finger puppets, colorful pumpkins and glittery bats! The classroom is looking so spooky for Halloween! |
